

STATEMENT ON ORIGIN OF ADDITIVES

We declare under our sole responsibility that, according to the current information provided by our raw material supplier, in the manufacture of this raw material, used by us for the production of

Scoops PE-HD, ultramarin blue,

item no. 406950, 407950

tallow derived additives may be used.

The tallow derived materials used in the manufacture of this raw material fulfill the requirements laid down in the Regulations 1069/2009/EC, and 142/2011/EC, and the "Note for Guidance EMA/410/01, and as amended.

Therefore the raw material used by us for the production of the scoops should be considered safe with respect to BSE and TSE transmissions.

In addition, we have to point out that the products supported by VITLAB GmbH are laboratory articles of general use. The used raw material is not intended to be used for medical, pharmaceutical or healthcare applications and the raw material manufacturer do not support their use for such applications. This product is neither tested nor represented as suitable for medical or pharmaceutical uses by us.

All information is based on statements from our raw material suppliers, common experience or printed information and no responsibility is taken for the correctness of the provided information. Furthermore, we cannot exclude that a change in material may become necessary in the future. It is the user's responsibility to determine suitability of the product whether it may be used for the desired application or not.

Should you need any further information please do not hesitate to contact us again.
